

Bringing the County Closer to You!

Marc Elrich, County Executive Andrew Kleine, Chief Administrator Officer Catherine Matthews, Director Kraig Walsleben, UCAB Chair

#### February 21, 2019

# Upcounty Citizens Advisory Board Meeting Monday, February 25 7:00pm Kramer Upcounty Regional Services Center 12900 Middlebrook Road, Germantown

Topic: Lessons Learned from the Amazon HQ2 Decision

Guests: Tina Benjamin, Special Projects Director, Office of the County Executive Francine Waters, Former Sr. Managing Director, Transportation/Smart Growth,

Lerner Enterprises

All board and committee meetings are open to the public!

Sign language interpreter services will be provided only upon request with notice as far in advance as possible, but no less than 72 hours prior to the event. If these or other services or aids are needed to participate in this activity, please call 240-777-8040 or email a request to <a href="mailto:catherine.matthews@montgomerycountymd.gov">catherine.matthews@montgomerycountymd.gov</a>.

# **Transcript from Elrich's Virtual Town Hall Now Available**

\*\*\*\*\*\*\*\*

County Executive Marc Elrich answered a variety of online questions on topics from Amazon to childcare to the environment to transportation during his first Virtual Town Hall meeting. Read the transcript of the online chat, HERE.

#### Rescheduled!

\*\*\*\*\*\*\*\*

Montgomery Councilmember Craig Rice, MCPS Superintendent Jack Smith, and College President DeRionne Pollard to host Forum on Education Budget Monday, April 4 6:30pm-8:30pm (new date!)

Neelsville Middle School (Cafeteria)

11700 Neelsville Church Road, Germantown

(This forum was rescheduled due to inclement weather.)

Attention Montgomery County Students! The Don't Be Distracted Contest is back!

#### MCDOT Invites Pedestrian Safety Contest Submissions: Don't Be Distracted!

Students have until March 4 to submit a Public Safety Announcement (PSA) video or artwork in the "Don't Be Distracted" Creative contest with a chance to win \$500! These PSA's are an effort to let people know the dangers of being distracted while walking or driving. Learn more.

The deadline for contest entry is March 4!

# New Ride On Bus Service: Shady Grove Metro to Gaither Road & Gaither Drive

\*\*\*\*\*\*\*\*

On Monday, January 7th, the new Ride On bus Route 63X began express service from the Shady Grove Metro Station to Gaither Road & Gaither Drive, in both directions. This new service gives 45,000 veterans in and around Montgomery County increased access to vital health services at the Community Based Outpatient Clinic on Gaither Drive, while also supporting the 2,000 members of Chinese Cultural Center and thousands more county residents who seek assistance through the Manna Food Center.

The new Route 63X augments Route 63 trips on weekdays. Service is now available every 30 minutes on weekdays from approximately 6:20am until 8:30pm.

Timetable schedules for the Route 63 and 63X can be found at <u>RideOnBus.com</u>. Text MONTGOMERY RIDEON to 468311 for text alerts. Track your bus at www.RideOnRealTime.com.

#### MDOT MTA Commuter Bus Route 202 Will Be Discontinued Effective February 28

\*\*\*\*\*\*\*\*\*\*

Maryland Department of Transportation Commuter Bus Route 202 (service from Gaithersburg to DOD and Ft. Meade) will be discontinued due to low ridership. The last day of service will be Thursday, February 28, 2019. CommuterDirect.com ticket sales for this route ended February 7 at 2:00pm. As an alternative, passengers may take Commuter Bus Route 201 from Gaithersburg, Shady Grove Metro, Georgia Avenue, or Burtonsville Park & Ride to Arundel Mills Mall, then transfer to RTA 502 or AACO AA-202.

## **Nominations for Montgomery Serves Awards**

<u>Submit nominations now for volunteers who have performed outstanding service in 2018!</u> Montgomery County's Volunteer of the Year Award recognizes volunteers in four categories; individual, youth, group, and business. These awards honor some of our County's most outstanding community leaders and dedicated volunteers. Nominations are also sought for the Neal Potter Path of Achievement Award to recognize seniors with a lifetime of service.

**Deadline for submissions is February 28.**

#### A Planning Board Worksession on Energized Public Spaces Design Guidelines

Thursday, February 28
M-NCPPC Montgomery Regional Office
8787 Georgia Avenue, Silver Spring

Why This Plan? This Plan Defines a New Methodology to Help Ensure Adequate Parks and Open Spaces in the Most Highly Populated Areas of the County ...

The **EPS Design Guidelines** document will be presented at an upcoming worksession with the Planning Board on **February 28, 2019**. Please note, dates and times are subject to change. Please visit the Montgomery County Planning Board Agenda page closer to the date to confirm the time for the work session. The Guidelines document is being developed to improve park planning/design and to ensure public access and inclusivity in all future park projects in areas of high population density. Once approved, these guidelines will be a companion document to the **Energized Public Spaces Functional Master Plan (EPS FMP)**.

The second worksession will focus on how Planning Board feedback from the **January 31**st **Planning Board Work Session** has been incorporated into the **Energized Public Spaces (EPS) Design Guidelines Working Draft**. Parks staff is seeking a Board vote for approval of the working draft with changes as the final document. Additional information about the EPS DG Working Draft is available in a **.PDF** format at MontgomeryParks.org.

For additional information on the EPS Design Guidelines: <a href="https://montgomeryparks.org/projects/directory/energized-public-spaces-design-guidelines/">https://montgomeryparks.org/projects/directory/energized-public-spaces-design-guidelines/</a>

## **Dog Parks Site Suitability Study**

Montgomery Parks recognizes the desire for dog park facilities in the County, particularly in higher-density areas of the County, where residents are less likely to have a yard.

Resident input, staff research, park and recreation industry trends, and the *Parks, Recreation, and Open Space (PROS) Plan* has strongly indicated a growing desire for dog facilities in the park system. The *Dog Parks Site Suitability (DPSS) Study* will be used as a reference tool for future park design and development projects. It may also help identify locations for temporary pop-up dog park events such as the "Yappy Hour" at Elm Street Park. This is a suitability study to investigate possible options for future dog parks. Sites identified in this study do not guarantee the construction of a future dog park facility, nor limit the possibility of a dog park facility at other parks in the County.

Please note, a major tenet of the <u>Montgomery Parks mission</u> is to steward parks natural and historic resources and "... balance demand for recreation with the need for conservation". Likewise, we are bound by the <u>Environmental Guidelines</u> and cannot build new dog parks in environmentally sensitive areas, such as stream buffers, floodplains, and forested areas.

#### The study will:

- help guide the location design and development of future dog parks in high-density areas of the County;
- serve as a reference tool for pop-up event planning; and
- outline several different types of dog facilities that may be suitable for various locations.

A map of Candidate Sites in the Upcounty region can be viewed here: Up-County

Take the survey on Open Town Hall and help us locate the best sites for future dog parks!

GERMANTOWN PLAN FOR THE TOWN SECTOR ZONE

Community Invited to March 14 Meeting on the Germantown Plan for the Town Sector Zone
Thursday, March 14 7:00pm-8:30pm
Kramer Upcounty Regional Services Center, Meeting Room A (first floor)
12900 Middlebrook Road, Germantown

Open house to discuss and get feedback on recommendations to update 50-year old Churchill Village Town Sector zoning being phased out

The Montgomery County Planning Department, part of The Maryland-National Capital Park and Planning Commission, will hold a public meeting to present preliminary recommendations for the Germantown Plan for the Town Sector Zone. The purpose of this plan is to apply current zoning classifications to this area to replace the Town Sector (T-S) zoning that is being phased out due to the updated county zoning code.

#### **Town Sector Zone Plan Background**

The Germantown Plan for the Town Sector Zone will address the 1,254 acres comprising the village's T-S zone, which includes Churchill Lake, parks, walking trails and recreational amenities. In 2014, Montgomery County updated its zoning ordinance and, as a result, the T-S zone is being phased out.

Additionally, as approved by the original 1968 zoning case that authorized the development of Churchill Village, no new zoning classifications could be considered for 50 years. This zoning control feature expired in 2018 and is the primary reason for this sector plan. Planners have analyzed existing land uses, densities and open spaces in order to prepare new zoning recommendations that best reflect current conditions, uses and densities.

Anyone who lives or works in Churchill Village or has an interest in the future of this community is invited to attend the open house meeting. Planners will discuss existing conditions, land uses, zoning and the county planning process. Participants will have an opportunity to meet the project team, ask questions and learn how to participate in this planning process. RSVPs are encouraged but not required.

RSVP for the Germantown Plan for the Town Sector Zone

Consult the <u>Germantown Plan for the Town Sector Zone</u> for more information or contact Project Manager Phillip Estes at 301.495.2176 or Phillip.Estes@MontgomeryPlanning.org

Residents, property owners and anyone with an interest in Churchill Village are invited!

# Construction has begun on <u>US 29 FLASH</u>, the County's first Bus Rapid Transit Line

#### Phase II is MD 355 between Bethesda and Clarksburg!

FLASH is Montgomery County's new Bus Rapid Transit (BRT). FLASH is a bus-based rapid transit system with features that improve reliability and capacity, so you can get where you need to go quickly. **US 29 (Colesville Road) will be the first FLASH line to open, with service expected to begin in the year 2020.** In 2016, Montgomery County was awarded a \$10 million federal TIGER (Transportation Investment Generating Economic Recovery) grant toward the Route 29 project by the U.S. Department of Transportation. The TIGER grant supports efforts to get the US 29 corridor up and running by 2020. Site excavation and grading are in progress for new curb & gutter, the new bus platform, and the new bus loop at the Briggs Chaney Park and Ride.

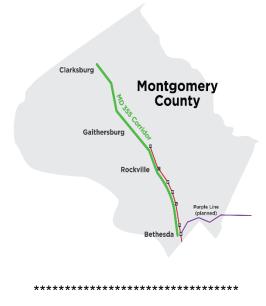

FLASH service on MD 355 between Bethesda and Clarksburg will be designed to meet the needs of residents, businesses, and visitors along this busy route. This project is part of the <u>Countywide Transit Corridors Functional Master Plan.</u>

There are several major existing and planned activity centers along the MD 355 corridor that have importance for the entire county and region. FLASH will improve frequent transit connections between the corridor and destinations within Montgomery County and other parts of the region.

#### **Project Overview for Phase II**

- The MD 355 FLASH will provide upgraded, frequent, and reliable service between Downtown Bethesda and Clarksburg along the MD 355 (Wisconsin Avenue/Rockville Pike/Frederick Road) corridor.
- The Montgomery County Department of Transportation (MCDOT) is studying different alternatives for FLASH on MD 355. Upon completion of the study, MCDOT will identify a single "Recommended Alternative" – which includes the BRT route, station locations, and engineering features – that can be advanced toward design and implementation in phases.
- The MD 355 BRT will be part of the County's FLASH BRT system with <u>amenities</u> like upgraded stations, real-time information, free Wi-fi, and quick boarding features.
